DHARM CHANIYARA

B.Tech CSE undergraduate | Aspiring AI/ML & Software Developer

+91 7383015150 dharmchaniyara7368@gmail.com GitHub LinkedIn Portfolio Vadodara, India

PROFESSIONAL SUMMARY

Third-semester B.Tech student in Computer Science Engineering at GSFC University with practical experience in Python, JavaScript, TypeScript, React.js, and Node.js, along with AI-assisted web development and full-stack applications. Completed a web development internship at IdeaFolks, built a scam-job-offer detector and a sales intelligence copilot, and qualified as an offline finalist at Hack Baroda 2026. Seeking software development and AI/ML internship opportunities.

EDUCATION

GSFC University | Gujarat — 2025 - 2029
Bachelor of Technology (B.Tech) in Computer Science & Engineering — *Year 1 CGPA : 8.2*

Modi CBSE School | Rajkot — 2023 - 2025
Higher Secondary — *Percentage : 84%*

WORK EXPERIENCE

AI Web Developer Intern — June 2026 - July 2026
IdeaFolks | Rajkot, Gujarat

- Completed a **one-month project internship** focused on **web development** and **AI-assisted workflows**.
- Used modern **AI developer tools** for rapid component prototyping, API design, and debugging.
- Developed **responsive front-end interfaces** using HTML, CSS, JavaScript, and modern component tooling.

PROJECTS

Deal Intelligence Agent – Sales Copilot | Github — Hack Baroda 2026 Finalist

- Built an **AI sales intelligence copilot** that analyzes calls, **buyer sentiment**, and **risk signals** for sales teams.
- Selected as an **offline finalist** with **Team CODE BUSTERS** among hundreds of participating student teams.

JobGuard AI – Scam Job Offer Detector | Github

- Engineered an automated detector that evaluates job offer letters using **domain verification**, **NLP heuristic scoring**, and **fraud alerts**.

Technologies / Tools Used : *Python, Machine Learning, NLP*

StudyShare – Campus Academic Platform | Github

- Built a **peer-to-peer syllabus and notes platform** with **semester filtering**, fast document access, and **role-based contributions**.

Technologies / Tools Used : *React, Node.js, Web*

SKILLS

Programming Languages :	Python, JavaScript, TypeScript, HTML, CSS
Frameworks & Libraries :	React.js, Node.js, Express.js, Tailwind CSS
Tools & Platforms :	Git, GitHub, REST APIs & JSON, AI Developer Tools
Core Skills :	Full-Stack Web Development, AI-Assisted Workflows, UI/UX
Languages :	English (Professional), Gujarati (Native), Hindi (Fluent)

CERTIFICATIONS & ACHIEVEMENTS

Python Essentials 2 | Certificate — Oct 2026
Cisco Networking Academy
Advanced OOP, modules, exception handling, and file processing.

Computer Hardware Basics | Certificate — Sept 2026
Cisco Networking Academy
Core computer architecture, system diagnostics, and hardware.

Hack Baroda 2026 Finalist — 2026
Student Technical Hackathon
Offline hackathon finalist with Team CODE BUSTERS among hundreds of participating student teams.
